

SOCIEDAD ESPAÑOLA DE PROTECCION RADIOLOGICA

AFILIADA A LA

INTERNATIONAL RADIATION PROTECTION ASSOCIATION (I. R. P. A.)

Romanian Society for Radiological Protection

President
Dr. Constantin Milu

Madrid, 9th January, 2020

Dear President:

I have the honour to inform you that the International Radiation Protection Association (IRPA) has decided to grant the Rolf M. Sievert Award to the candidate proposed by the Spanish Society of Radiological Protection (SEPR), Prof. Eliseo Vañó. This award is one of the greatest international distinctions in the field of Radiation Protection. For Prof. Vañó, it is a deserved recognition of his professional career and, for those of us who share this profession, a source of pride because his generous and extensive work is a very valuable example. The prize will be presented at the 15 International Congress of the International Radiation Protection Association - IRPA 15, that will take place in Seoul, South Korea, in May 2020.

On behalf of the Spanish Society of Radiological Protection, I would like to thank you most sincerely for the support that the Romanian Society for Radiological Protection provided to our candidacy.

Yours faithfully,

Ricardo Torres Cabrera
President of the Spanish Society of Radiological Protection
